Italy Calls Reservists to Be Ready-Australia Lands More Troops In Egypt-Turks Continue Their Advance.

London, Feb. 3.—During the last few days the Germans have been mak-ing desperate efforts to break the deadlock which has existed for so long-on both the eastern and western

fronts.

They have delivered a series of attacks, always preceded by artillery/activity, on the allied lines in Fianders and France, and while in almost every case they have thus won a preliminary advantage, before the fighting was concluded the French, British or Belgians have been able to regain the trenches temporarily lost.

The German artillery has been subjecting the Belgian positions in Flanders to a severe bombardment. which suggests that the moment has arrived for another effort to get across the Yeer and thence to the French coast ports.

New Drive, at Warsaw. More serious attacks, however, have been made against the Russian lines in Central Poland. Faced by flanking movements both north and south, Field Marshal von Hindenburg made a desperate effort, which apparently is to be renewed, to break through Warsaw, and thus not only min a great military and political advan-tage for Germany, but at the same time release the pressure on Hungary and East Prussia, in each of which regions the Russian troops are slowly pushing forward.

A German submarine was still at large in the English Channel and the French officially report an attempt to torpedo the British hospital ship Asturias. The German submarine U-21, which recently mask three steamers in the Irish Sea, has not been seen since Sunday, and it is presumed that she has withdrawn. Traffic in those waters, however, continues to be somewhat restricted, ship owners preferring for the present to keep in port all but the fast steamers, which it is hellowed can clude the submarines. large in the English Channel and the
